PROFILE

Cybersecurity student driven to learn and grow in the field of information security. A self-motivated and adaptable individual with strong teamwork and leadership skills, gained through academic and extracurricular involvement. Interested in network security and identifying vulnerabilities, with hands-on exposure to security tools and real-world problem-solving.

ACADEMIC CREDENTIAL

B.E Computer Science and Engineering (Cyber Security)

Dr. N.G.P Institute of Technology (2023 – 2027)

CGPA: 8.37

TECHNICAL SKILLS

Security Tools: Wireshark, Burp Suite, Metasploit, Forensic Tools, CrowdStrike Falcon

Platforms: Linux, Windows, Networking

Domains: VAPT, SOC, GRC

Programming: Python & Java (Basics), HTML, CSS, JavaScript

INTERNSHIP EXPERIENCE

Prompt Infotech, Technical Analyst Intern, Coimbatore (6 months) (Ongoing)

- Technical Analyst internship focused on ethical hacking, vulnerability assessment, cybersecurity testing, and security analysis within practical environments.
- Role involves exposure to security tools, vulnerability identification, system and network analysis, and remediation practices aligned with cybersecurity services.

i6 Sec Solutions Pvt Ltd, SOC Analyst LI Intern, Coimbatore (4 months) (2026)

- Hands-on exposure to CrowdStrike Falcon for endpoint monitoring, threat detection, and security investigation
- Developed practical understanding of SOC operations, including alert monitoring, analysis, and incident response workflows

Cyber Crime Wing, Tamil Nadu Police, Chennai (45 days) (2025)

- Assisted in reviewing digital evidence and understanding procedures involved in cybercrime investigations
- Gained practical exposure to digital forensics tools and investigation workflows used in cybercrime cases

Hackup Technology Pvt Ltd, Coimbatore (15 days) (2025)

- Gained hands-on experience with cybersecurity tools and basic vulnerability assessment techniques
- Developed practical understanding of identifying common security vulnerabilities and assessing potential security risks

PROJECTS

Dynamic Kill Chain Mapping and Stateful Threat Mitigation: An Attack Graph-Driven SIEM Correlation Framework (Ongoing-2026)

- Developing a real-time SIEM correlation framework to analyse security events and identify multi-stage attack chains
- Implemented dynamic attack-graph and Cyber Kill Chain mapping with stateful threat mitigation for improved attack visibility and response

Evaporate Automatic Clipboard Monitor (Secure Clipboard Web Application-2026)

- Developed a method to protect sensitive clipboard data from unauthorized access

- Implemented risk scoring and visual analytics to assess the sensitivity and potential exposure risk of copied clipboard content.

Fund Trail Analysis (Web Application-2025)

- Developed a web application to trace financial transactions and visualize the flow of funds between accounts.
- Implemented transaction analysis to identify unusual patterns and flag potentially suspicious account activity.

DNS Record Finder (MX, DMARC, TXT Analysis-2025)

- Developed a DNS analysis tool to examine MX, DMARC, and TXT records for identifying email security configurations and weaknesses.
- Analysed DNS configurations to detect potential misconfigurations and security risks affecting email authentication and protection.

Ransomware in Healthcare (IEEE Conference Paper 2024-2025)

- Studied real-world ransomware incidents and analysed their operational and financial impact
- Examined key attack patterns, vulnerabilities, and challenges faced by healthcare organizations in responding to ransomware incidents.

CERTIFICATIONS

- IEEE Conference Presentation: Ransomware in Healthcare organizations, Hyderabad & Vietnam (Jan 2026)
- NCC B, C Certificate: Grade A, Ministry of Defense (2025 - 2026)
- Full Stack Cyber Security Practitioner Program: Infoziant (2025-2026)
- Practical Cyber Security for Cyber Security Practitioners Elite + Silver with 86% in NPTEL (Nov 2025)
- International Presentation: Ransomware in Healthcare organizations, UAE (Dec 2024)

AWARDS & ACHIEVEMENTS

- Best Problem Identification: Innovation Showcase Project Expo, Dr.N.G.P. Institute of Technology for DNS Record Finder (Feb 2026)
- ICT Academy sponsored Youth Talk at Rathinam Group of Institutions, selected as top 104 out of 4200 and competed for top 20 (September 2025)

AREA OF INTEREST

- SOC Operations
- Threat Detection & Analysis
- VAPT
- Digital Forensics
- Incident Response
- SIEM & Security Analytics
- Security Automation
- Cybersecurity Research

SOFT SKILLS

- Communication
- Problem-Solving
- Critical Thinking
- Teamwork
- Adaptability
- Time Management
- Attention to Detail
- Quick Learning

EXTRA CURRICULAR ACTIVITIES

- NCC Lance Corporal
- Class Representative, Committee Member, Board Member
- Silver Medal: International Dance Festival, Malaysia
- State 10th District 2nd Zonal 1st: Chess
